

Amendments to the Specification:

Please amend the paragraph (section) beginning on page 8, at line 1 as shown below:

The support 2 comprises a cylindrical tubular safety line locating or support section 12 connected through an arm 13 to ~~[[an]]~~ a connection element 14 which connects the support 2 to some fixture structure (not shown).

Please amend the paragraph (section) beginning on page 8, at line 9 as shown below:

The arm 13 has three sections, a first radial section 13A extending vertically downwards from the tube 12, a second straight section 13B extending from the lower end of the first section 13A substantially tangentially to a circle concentric with the centre ~~of rotation~~ of the safety line 3 and the cylindrical tube 12, and a third section 13C connecting the tangential second section 13B to the connection section 14.
